Redressing the imbalance:

1996 Unexplained - "The Search for Satan"
exposé of US "doctors" Sachs and Braun, and their diagnoses and treatment of "multiple personality disorders" arising from mythical "satanic abuse" episodes in childhood...

Calendar of UK television's concerted hate campaign:

02/03/93 BBC2: Assignment - "Dying For Sex"
tabloid rant against the "human catastrophe" of sex tourism in Thailand.

12/08/97 BBC1: "BUMP IN THE NIGHT" ('91)

Christopher Reeve as a neurotic abductor and would-be child molestor embroiled with a "kiddie-porn" king who can't abide folk that "get it on with little kids"... Ludicrously implausible.

14/08/97 Channel 5: The Streets of San Francisco - "The House on Hyde Street"
ultimately not an anti-pädophile tract, but billed as though it were one.
